

**Notification about recall of Mr. Christopher Willing and  
our new address and phone**

Dear business partner,

as of 31.07.2021, AMCON Deutschland GmbH (HR 12448) recalls one of its managing directors, Mr. Christopher Willing. The other existing Managing Director, Mr. Takaaki Yamamoto, remains as the managing director of the company together with all existing members and continues our journey to support our customers in DACH region to achieve the environmentally friendly world.

Also, we are happy to share the news about AMCON Deutschland moving its main sales and administration base to Frankfurt am Main! Although the world is getting more open for remote communication, Frankfurt is a good place as our transportation hub for both air and ground traveling to visit you!

We are all looking forward to the opportunities to help your sludge management.

Takaaki Yamamoto  
Managing director
